

Serial No: 09/475,165

Attorney Docket No.: 1999-0300

CLAIM AMENDMENTS**Please make the following claim substitutions:**

1-21. (Canceled)

- 1 22. (Currently Amended) A method for providing calling services on a
2 residential PBX, comprising the steps of:
3 determining if an incoming call to a called number has a POTS address, and if so,
4 converting the POTS address to an Internet Protocol address;
5 determining whether the caller desires to access residential PBX calling features
6 and if so, implementing the residential PBX calling features, otherwise routing the
7 incoming call to the Internet Protocol address;
8 determining if the called number has residential PBX calling features engaged,
9 and if so, routing the incoming call according to the engaged residential PBX calling
10 features;
11 determining whether the caller has authorization to access the residential PBX
12 calling features;
13 rejecting the caller if the caller does not have authorization to access the
14 residential PBX calling features; and
15 ~~The method according to claim 21, further comprising the step of allowing the~~
16 ~~rejected caller to enter another called number after attempting to gain authorization to the~~
17 ~~residential PBX calling features.~~

23-24. (Canceled)
